

FRIENDS OF GROVER
OPPOSE WATTERSON

BACKERS OF THE ADMINISTRATION
IN LINE.

Considerable Opposition to Him Is Developing—Several Other Candidates Who Want the Honor of Heading the Democratic Gold Standard Ticket—Brigg's Chances Are Good.

Indianapolis, Ind., Sept. 1.—President Cleveland's friends are expected here in large numbers and to immediately work against the Henry Waterson boom for the presidential nomination by the anti-silver democratic convention. The administration democrats, who are already here—and Comptroller James H. Eckels is one of them—openly assert that when they get through with the Kentucky editor, he will leave politics, remain in Switzerland and devote himself entirely to biography.

In the meantime the politicians who first fostered the anti-silver movement, and who are now nursing presidential possibilities, say there are only two men in the race for the nomination—Waterson and Bragg—and they say that any undue activity of the adminis-

standard, and an honorable mention of silver as good subsidiary coin. Then there are others clamoring for a bimetallic platform that will say just what it means. The bimetallicists claim that the adoption of such a platform would be the death blow to free-silver democrats, although the latter are now working for bimetallicism. Gold men say such a platform would be a compromise, and should not be even thought of in this convention.

President Cleveland is causing the platform-makers some worry. Of course they all assert that his administration should be indorsed, but there is a difference of opinion as to how far this indorsement should go. Some believe that there should be no clause in the declaration regarding "how the president, single-handed and alone, preserved the credit of the nation." This would bring up recollections of the bond sales, the lukewarm friends of the president say.

The tariff will be given a prominent place. It is intended to secure if possible the adoption of a tariff-for-revenue-only plank. There are a few men who want an out-and-out free-trade plank, but it is claimed that these will be greatly in the minority when the delegates all get here, and in the matter of raising revenue it is probable that an income-tax plank will be adopted.

Immense Attendance of Visitors From Outside States—Citizens Show Appreciation of the Honor Conferred By Superb Decorations—Gossip of the Coming Elections.

St. Paul, Minn., Sept. 1.—Veterans of the civil war literally swarm the streets of St. Paul. The citizens' committee compared notes in the afternoon, and found 114,000 Grand Army of the Republic tickets to St. Paul had been purchased in states outside of Minnesota. Each of the railroads had special train after special train following one another as fast as safety would permit. One of the Chicago roads brought in thirteen specials during the day. Another road coming in from the southwest, admitted that it did not have half rolling stock to haul the passengers who had tickets. It passed all small stations without stopping, leaving hundreds of ticketed passengers to come in by to-day's trains.

Crowds Present On Each Occasion and Warm Receptions Accorded Silver's Champion—Fusion Arranged In Indiana—Chairman Stevens Is Sanguine—Political News.

Cleveland, O., Sept. 1.—Candidate Bryan has been the object of no other demonstration so vociferous and so spectacular as that which the city of Cleveland gave him Monday night. And nowhere else, with the possible exception of New York, have so many attempted to hear him. Two great meetings listened to Mr. Bryan, the first in the Central armory, where 16,000 persons were packed; the second in Music hall, which held 8,000, and afterward he spoke to several thousand from the balcony of the Hollenden hotel. Workingmen were in a large majority at both meetings. An arm holding a hammer, surmounted with the words, "The friend of labor," was blazoned across a big transparency in the

silver clubs to be held at Chicago September 23 promises to be a monster affair. It is to embrace all silver clubs not distinctively democratic, and at its two days' session will be addressed by Senators Tillman and Dubois, Congressman Towne, and other speakers who have heretofore been republicans.

Mr. Stevens says there will be no doubt of the election of Bryan if sufficient means are forthcoming to cover the Mississippi valley states with silver speakers and literature.

CHEERS FOR TELLER

Colorado Springs, Colo., Sept. 1.—Senator Henry M. Teller Monday night delivered before the Bryan and Sewall club of this city the only political address he will make in Colorado during the present campaign. He leaves in a few days to place himself at the disposal of the democratic committee and he probably will do most of his talking in Iowa and Illinois. The Supreme court and income-tax issues raised by the Chicago platform were handled by the speaker in his usual dry, argumentative style, and he spoke in tones of contempt of the Indianapolis convention, characterizing it as a stool-pigeon to catch votes that might otherwise go to Bryan rather than to McKinley. Senator Teller ignored the McKinley letter of acceptance entirely. He eulogized Bryan, and declared that he was the equal of any presidential

New Committee Will Be Formed But Ex-Governor Peck Will Probably Be Retained as Chairman—Gabe Bouck Positively Declines—Norwegian Settlers' Re-Union.

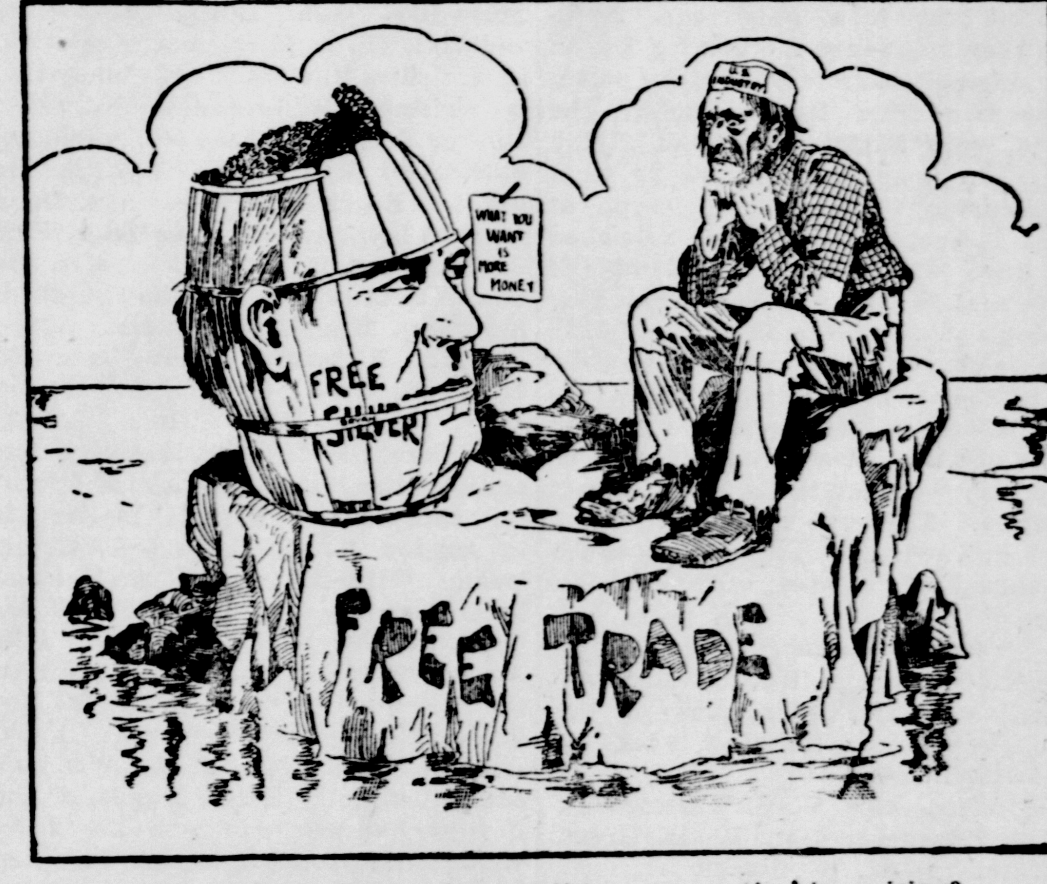

Milwaukee, Wis., Sept. 1.—The democratic state convention, which begins here Wednesday, will be a silver gathering. The silver men have obtained full control of the party organization. The state central committee meet tonight and the vacancies caused by the resignation of gold members will be filled. It is proposed to elect a new committee and have it take hold now by order of the convention, instead of waiting until after the campaigning is over, as is usually the case. There is little doubt that ex-Governor Peck will be retained as chairman of the committee. Plans are now working by which it is believed a fusion will be arranged with the people's party so far as the state ticket is concerned. Oshkosh, Wis., Sept. 1.—It is said that Col. Bouck will not accept the democratic nomination for governor.

Ellis B. Usher, the national anti-silver committeeman from Wisconsin, is for Gen. Bragg. He says that Mr. Vilas is supporting Wisconsin's candidate and that he is in no way to be considered in the race.

The administration forces have brought out candidates enough to thoroughly split up the western vote if possible. J. Sterling Morton's boom has entered the field, and he has a considerable number of shouters on the ground. Secretary Herbert is also prominently mentioned. These, with Broadhead, Gray, Walter, Vilas, Bragg and Waterson, are enough to make any convention interesting. The western men say that the administration forces recognize that the nominee of this convention will be in the direct line of the nomination four years hence, and that the eastern politicians want to nominate some small man who can easily be forced aside or who can be induced to come out for an influential eastern candidate, such as William C. Whitney, or some man closely associated with the present administration.

To-day the full national committee will meet and ratify the action of the executive committee in selecting ex-Gov. Roswell P. Flower of New York as the temporary chairman and Senator D. Caffrey of Louisiana as the permanent chairman.

The members of the Texas delegation who are here brought the first suggestion of a fusion with republicans, but it met with little favor. The Texans want the convention to adopt a platform and adjourn without nominating a ticket. The leaders sat down on this scheme immediately. "There will be no compromise," said Mr. Bynum, "and this convention will nominate a democrat for president, a democrat for vice-president and adopt a democratic platform. That is all there is to the fusion talk."

Senator John M. Palmer wants Bragg of Wisconsin for president and Buckner of Kentucky for vice-president. He says that Waterson is a sentimental candidate. The majority of the anti-silver democrats say that in any event the nomination must come from the west, where the democrats are making their hardest fight.

A hard fight is promised over the platform. There is a growing impression among the men who have been guiding the affairs of the anti-silver democratic party that the convention will break from their control at the slightest provocation, and the discussion of the platform is expected by many to furnish the necessary excuse.

While the delegates are a unit as being opposed to the free and unlimited coinage of silver at the present legal ratio of 16 to 1, they are far from unanimous as to just how friendly they are to gold. Some want a good monometallic plank, with no mention whatever of silver. Others want a present gold

convention of gold democrats met here Monday. The platform adopted repudiates the Chicago platform and indorses the administration of President Cleveland. Delegates were selected to the Indianapolis convention.

WILL INJURE LEADVILLE.

Owners of Two of the Leading Mines Stop Their Pumps.

Leadville, Col., Sept. 1.—The pumps in the Bon Air and Penrose mines, two of the largest properties in this district, were stopped today and the mines are rapidly filling with water. Moffat & Smith, owners of these and several other deep mines here, announce that they will stop the pumps in all of them. This will cause the flooding of nearly every mine in the richest part of the district, entailing a loss of hundreds of thousands of dollars in damage to the workings. Some of the mines will be permanently abandoned. This action is the result of the strike which was inaugurated five weeks ago and seems no nearer a settlement than when it began. There have been no disturbances.

Buell Woolen Mills to Shut Down.

St. Joseph, Mo., Sept. 1.—The Buell woolen mills, one of the largest manufacturing establishments of its kind in the west, will close down next Saturday for an indefinite time. General dullness of trade is given as the cause of the shut-down, while the uncertainty of the financial situation is said to have contributed to the result. About two hundred employes will be thrown out of work.

Li Hung Chang at West Point.

New York, Sept. 1.—Early Monday morning Li Hung Chang boarded the dispatch boat Dolphin and in a few minutes anchor was weighed and a start for West Point was made. The ambassador inspected the military academy and grounds. The proposed visit to the squadron off Tomkinsville was postponed, as there was not sufficient time to make it before starting for West Point.

Spaniards Have Their Hands Full.

Berlin, Sept. 1.—An official dispatch received here from Manila, capital of the Philippine Islands, announces that a revolutionary outbreak has occurred there and that a state of siege has been proclaimed.

Madrid, Sept. 1.—The Spanish warship Isla de Cuba has been ordered to proceed immediately to the Philippine Islands.

Wilhelmina Is 16 Years Old.

The Hague, Sept. 1.—The sixteenth anniversary of the birth of Queen Wilhelmina was signaled Monday by the formal announcement of the betrothal of the young sovereign to Prince Charles, second son of the Crown Prince and Princess of Denmark.

Thousands of cots have been put into school buildings and other structures where there is room, and over 4,000 slept in tents at Camp Mason. The weather was delightful. Not a cloud flecked the sky all day, and the temperature was at no time above 70. Tonight it is about 62.

The train bearing Commander-in-Chief Walker and his staff, due here at 7:30 o'clock, did not arrive until after 11 o'clock. The regular programme, however, was gone through with. Sixth street might properly be termed Grand Army avenue, for there is no street in the city so typical of the occasion or so handsomely attired in the colors and the emblems of the nation. Sixty marble-white columns of fancifully molded staff stand at intervals between Smith park and the cathedral. Each is surmounted with a banner that blows with the silent breeze, and each contains some figure or design emblematic of the great war of the rebellion and the present reunion of the men who wore the blue and wear it yet.

A striking face that appears frequently in all these decorations is that of Abraham Lincoln. Invariably his picture is framed in the colors of the nation, either of bunting, flags or long streamers of finely cut tissue paper. Grand Army avenue has the appearance to some extent of a Russian thoroughfare on fête day, with its towering white columns and square banners and streamers floating from the peaks of the topmost staffs. Beneath and connecting the columns are continuous lines of incandescent electric lights which, when turned on at night, furnish a picture that is brilliant and glowing beyond description. The lights are vari-colored, and these, in connection with the gaudy colors of the decorations, combine to present a startling and bewildering effect.

The formal program of the encampment was begun in the evening at 8:30, when a reception was given at Hotel Ryan to the commander-in-chief and Mrs. Walker by the citizens' committee and citizens of St. Paul. The hotel was gayly decorated for the occasion, and several thousand persons shook the hand of the commander. At the same hour at the state capitol there was a reception to the Grand Army, the Women's Relief corps and Sons and Daughters of Veterans. Mrs. Marie Hazenwinkle, president of the Minnesota Women's Relief corps, was in charge of this reception. It continued until 12 o'clock, and it is estimated that at least 30,000 veterans passed through the capitol during the evening. The scene about the women's headquarters at the Kittson mansion was animated.

The leading candidate for president of the Woman's Relief corps is Mrs. Hitt of the department of Indiana. Her home is at Greencastle, that state. The contest for commander-in-chief is getting exciting. Another candidate has

primary.

When Mr. Bryan came down the stage at 8 o'clock, escorted by Mr. L. E. Holden, of the Cleveland Plain-Dealer, he inspired a fierce cheer, which continued for three minutes, with the waving of hats and handkerchiefs, and was continued all the time the temporary chairman was trying to work in his speech. The armory audience was the largest Mr. Bryan has addressed indoors, except the one in Madison Square. The Music hall crowd was half as large, and none left the hall. Charles P. Salen introduced the presidential candidate at the armory meeting, and Arnold Green at Music hall. Besides the candidate, speeches were made at the former place by M. A. Foran and Judge McMath, and the Music hall crowd was entertained by local orators during its two-and-a-half hours of waiting. In his speeches at both places, Mr. Bryan devoted himself mainly to the financial question.

FUSION ARRANGED IN INDIANA.

Democrats and Populists Decide Upon a Plan to Unite Their Forces.

Indianapolis, Ind., Sept. 1.—The democrats and populists of this state have agreed to unite on the electoral ticket. The committee of thirteen, appointed at the recent state convention of the populists, and about twenty other representatives of the party, met with Chairman Holt of the democratic state committee and several of the democratic nominees for state offices, and, after various propositions had been made back and forth, it was agreed that the electoral ticket shall be divided between the two parties. The names of the democratic electoral candidates who are to be removed to make places for populists were not definitely decided upon, and the populists were not ready to announce the names of the candidates they will propose. It is a part of the agreement that in consideration of the representation on the electoral ticket the populists shall vote the free-silver democratic state ticket, and for democratic candidates for the legislature and for free-silver candidates for congress. The agreement makes fusion between the two parties complete in the state.

CHAIRMAN STEVENS IS SANGUINE.

Head of the National Silver Party Campaign Confident of Success.

Denver, Col., Sept. 1.—J. W. Stevens, vice-chairman of the national silver party campaign committee, will return to Chicago in a few days, and remain there in charge of the silver party's headquarters until the end of the campaign.

Illinois, Michigan and Minnesota are almost absolutely certain to go for Bryan," said Mr. Stevens. "And the sentiment is growing so rapidly in Ohio that our friends believe it can be carried just as easily as any of the others. The convention of non-partisan

candidate nominated in this country during the last forty years, Blaine not excepted.

To Raise Funds for Silver.

Chicago, Sept. 1.—Chairman Jones of the national committee has inaugurated a new system by which to solicit subscriptions for the campaign fund by pressing into service all the free-silver papers in the country. Chairman Jones authorizes editors of such papers to act as collecting agents for the campaign fund, and urges them to publish from week to week the names of the contributors and the amounts subscribed, and to forward the same to Treasures St. John in New York.

Bryan to Speak at Chicago.

Chicago, Sept. 1.—William Jennings Bryan is scheduled to be in Chicago Friday morning and to remain until Labor day, the Monday following, when he will address the trade unions at their picnic in Sharpshooters' park.

Corbett Failed to Show Up.

New York, Sept. 1.—The several meetings arranged between James J. Corbett and Tom Sharkey, at which the arrangements for a fight were to be made, have all resulted in an unsatisfactory way, and that arranged for Monday afternoon was no exception. The meeting was scheduled for 2 o'clock, but at that hour there was present no one but Sharkey and his party. Corbett sent word at 2 p. m. that he would not be present, but would be represented. Later a message came that his representative would be present at 3 p. m., and all waited until that hour, but neither Corbett nor his representative arrived.

Gov. Altgeld to Begin Stumping Sept. 5.

Chicago, Sept. 1.—The democratic state executive committee was in session nearly all day yesterday. For several hours Gov. Altgeld participated in its deliberations and laid before it his plans for the campaign. He will deliver thirty-five speeches, beginning at Rockford on Sept. 5. He will speak at Lincoln on Sept. 7 and at Fairfield on Sept. 12. This is as far as his itinerary is fixed; but he will speak later at Galena, Freeport, Waukegan, Streator, Duquoin, Vienna, Robinson, Cairo, Jonesboro, Belleville, East St. Louis, Pekin, Roodhouse, Louisville, Rochelle, Quincy, Carthage, Rushville, Macomb and Bushnell.

Narrow Escape of Three Men.

Des Moines, Ia., Sept. 1.—A young woman named Warner, living with her parents (farmers) near Libertyville, claimed to have been attacked by three men during her parents' absence last Friday. The fact was immediately given publicity, and a mob was formed which helped capture three suspects, who were saved from lynching only by the strategy of the officers. It has now developed that the young woman was suffering from dementia,

Madison, Wis., Sept. 1.—Arrangements have been nearly completed for the reunion of the old Norwegian settlers of the United States, to be held in this city Sept. 16 and 17. Matson of Chicago, ex-sheriff of Cook county; Halle Stensland of Madison, Norwegian-Swedish vice consul; R. B. Anderson of Madison, ex-minister of Denmark.

Veterans' Train in an Accident.

Prairie du Chien, Wis., Sept. 1.—As the passenger train on the Chicago, Milwaukee and St. Paul railway was leaving this city Monday morning the drawbridge, owned by Stauer & Co., was not raised owing to neglect, and in consequence the engine was derailed as well as losing the smokestack and bell. The train was crowded with veterans for the G. A. R. encampment at St. Paul, but fortunately all escaped serious injury.

Beloit, Sept. 1.—[Special]—Miss Rose LaPoint, a well known character of this city, took an overdose of morphine last night and died from its effect. She was a daughter of William LaPoint, who has been the proprietor of one of the "over-the-line" places for some time.

BASE BALL GAME AT MILTON.

Darien Nine Put Up a Good Game—Republican Club Organized.

Milton, September 1.—The Darien and Milton ball teams played their first game here on Friday afternoon. The visitors scored eight runs in the second and third innings, and the home team only four. Sullivan then went into the box for Milton and during the remainder of the game, not a man from Darien crossed the plate, while Milton got sixteen, giving them the game by a score of 20 to 8. He struck out eleven men, seven of them in succession. Wilbur wrenched his knee at an early stage of the game and Woodruff of Fort Atkinson, took his place, he making the only double play of the game and unassisted at that. The Darien players are gentlemen and put up a fairly good game of ball. Their battery and outfield play well and their short stop is a dandy. They are lacking in team work and swift pitching is too much for them, but practice will overcome these defects.

Republican Club Formed

A McKinley and Hobart club was organized by the republicans of this precinct Saturday evening with the following officers:

NO SILVER MEN AT CLEAR LAKE

However, There Are More Republicans These Days Than Ever.

Clear Lake, Sept. 1.—"Silver men" are scarce in this section, there being more republicans than ever, and all are wearing the McKinley pins. Cutting corn is now the popular work. There is as fine a crop as has been raised in many years, and everyone is taking advantage of the fine weather. Threshing is not all done yet in this section, but those who have threshed, say oats are not yielding as heavily as was expected. There is a very large crop of apples this year and a good many are having cider made to save the apples and for vinegar. A. L. Rose's summer boarders have nearly all gone back to their home in Chicago after enjoying an outing for a few weeks. H. F. Nott, of Janesville, dealer in pianos and organs, was seen on our streets one day last week. He came up on his wheel on business and pleasure combined. Jed Hubbard of Beloit, drove overland and spent Saturday and Sunday at Will Stockman's. Mrs. Hubbard and babe returned home with Mr. Hubbard Sunday evening, after spending a week with her friend, Mrs. C. Stockman. Quite a good many from this section attended the Buffalo Bill show at Janesville, Thursday. Those who drove from around here were Mr. and Mrs. George Butler and family, Mr. and Mrs. Corless and family, Mr. and Mrs. Vincent and family, Ed Brightman and several others. Jessie Burdness of Janesville, is spending a few days visiting her old home at Mrs. George Buters. Little Clair Price is expected home this week from visiting his aunt for five weeks, near Milwaukee, Mrs. Sharp. School begins next Monday after a long vacation of about three months.

UNCLE SAM'S MEN
COMING TO TOWNSIX HUNDRED REGULARS TO
COME HERE.

The "Bloody Fifteenth" Infantry From Fort Sheridan, in Command of Col. R. E. A. Crofton, Will Camp On the Fair Grounds September 22—Out On Practice March.

Six hundred United States regular troops will camp at the fair grounds on September 22, and at 5 o'clock the next morning they will break camp and move northward.

Final arrangements for the coming of "the regulars" were made this morning, when Lieutenants Wittenmayer and Kenna hired the fair grounds of Secretary D. W. Watt, of the Agricultural Society.

The Fifteenth Infantry, composed of six companies; and two troops of the First Cavalry, will compose the column, and Colonel R. E. A. Crofton will be on command. The "Fifteenth"—or "the bloody Fifteenth," as it is called, because of the trouble that has occurred among the members of the regiment—is now stationed at Fort Sheridan. Colonel Crofton, who is in command, and will visit Janesville with his command, is the same Colonel Crofton about whom the newspapers have had so much to say. He was recently examined by the trial board, to see if he should be retired for physical disability, but was exonerated. The personal assaults made on the colonel by his men; the Maney-Hedberg murder; and the half-dozen other tragic occurrences at Fort Sheridan, are well remembered by Janesville people.

And it is this same regiment, and the same commander, that are coming to the Power City. The troops have been ordered out on a practice march, and will leave Fort Sheridan Tuesday, September 15. They will be at Lake Geneva from Friday until Monday; Monday night they will camp at Delavan; and Tuesday they will arrive in Janesville.

First Lieutenant E. Wittenmayer, Second Lieutenant F. R. McKenna, and Corporal Dillon, of the Fifteenth Infantry, arrived in the city yesterday afternoon, they being the "advance detail." They are traveling over the route selected, on their bicycles, and making a map of the country as they go, for the guidance of the six hundred men who are to follow. They completed their arrangements today, and one of them told a Gazette reporter this morning, that the troops would reach Janesville, via the Delavan road, about noon, and at once take possession of the fair grounds.

A military band of twenty pieces will accompany the column, and they will move with military precision—with the advance guard, rear guard, patrols, etc. On the return journey, the column will camp here on Sept. 24. Each man will be in heavy marching order, carrying forty pounds of baggage.

The sight of six hundred "regulars" in full equipment, will be a novel one, and they will doubtless draw a large crowd to the fair grounds to see them go into camp.

MCKINLEY STILL IN THE LEAD

Indiana Train's Vote is Eclipsed By Another Delegation's Ballot

McKinley is still in the lead. The Recorder this morning tells the following true (?) story:

AUSTIN WILL LEFT AS IT WAS MADE

DIVISION OF THE \$160,000 ESTATE.

Appellants Withdraw Their Petition When the Case Comes Before Judge Clementson—Forty Witnesses Present—Cause Against Litigation Suggests Philosophical Comment.

The John Austin will case, with \$160,000 of Rock county property involved, came to an end today.

A settlement was reached out of court, and the terms of the will against "lawing" will be observed.

Application to have the will set aside was made by William D. O'Brien and D. D. Wixom, who married daughters of the testator. They were represented by Fethers, Jeffris, Fifield & Mount, and complained that when the will was made eight years ago, undue influence was exerted by Mrs. Austin.

The respondents were Mrs. Mary Robinson, Mrs. Albert Schnell, Henry Austin, Mrs. Rachel Witherow, Mrs. Eliza Hopple, J. W. Austin and A. Austin. E. D. McGowan and Whitehead, Matheson & Smith represented them.

Forty witnesses were on hand today when the case was called. One witness, W. P. Youngs, came from New York to tell of Mr. Austin's condition when the will was made. The point made by respondents was that Mr. Austin could not have been impaired in mind eight years before he died, inasmuch as he had looked after all his business affairs up to the day of his death.

When the case came into court there was a slight delay to permit of negotiations. It was then announced that appellants would drop the case without costs.

One of the witnesses for the respondents was Judge John R. Bennett, who drew the will. Judge Clementson sat on the bench in his place. A clause in the will that suggested numerous philosophical observations, provided that any heir who went to law concerning the settlement of the estate, should be stricken from the will.

FEW PEOPLE PAY THEIR TAXES

Hard Times Make Collections Slow This Year, City Treasurer Fathers Says.

But few people, comparatively, have "walked up to the captain's office" and settled their taxes, so far. Hard times are responsible, City Treasurer Fathers thinks. Between the eighteenth of August and September first of last year, over 500 city residents had paid up, and seemed to have plenty of money left; but this year it is different, for within the same space of time only 172 residents have settled their accounts.

CHIEF SPENCER'S PLAN BEING CARRIED OUT.

Workmen Are Now Busy Fixing Things So That Half the Ungainly Sticks That Now Pierce the Heavens Can Be Cut Down—A Great Improvement.

Chief Engineer Spencer's plan, to do away with about half the telegraph, telephone, street car and electric light poles, in the business part of the city, is now being carried out.

The workmen began the job yesterday, and today the "guying" of the poles that are to remain, was completed. The next move will be the removal of the poles that will not be necessary under the new arrangement.

The remaining poles will be jointly occupied by all the companies using electric energy, in the city. This makes it possible to do away with several lines of poles, as, for instance, both electric light companies use one set of poles, thereby allowing one line to be entirely removed. The street car company's guy wires are also fastened to the poles used by other companies, thus allowing most of the poles formerly used for that purpose, to be taken up. The improvement will be one that Janesville people will fully appreciate, as the forest of unsightly poles that have stood upon the streets for years, have always been an eyesore, and a menace to the public.

Chief Spencer is to be congratulated that his plan is to be successfully carried out, and the change will be fully appreciated by the people.

TRAINS SENT OUT IN SECTIONS

The St. Paul Encampment Gives the R.R. roads Much Business

The rush to St. Paul because of the G. A. R. encampment, still continues. The Northwestern vestibule train arrived in the city last evening in three sections, the last section arriving in the city over two hours late. At the depot in Chicago, Janesville passengers spent three-quarters of an hour in pushing their way through the gates, and such a crowd has not been seen since the World's Fair. One section was composed entirely of sleepers and as the last section pulled into Harvard, the second section was just leaving, after a twenty minutes' stop for supper.

Yesterday afternoon and last evening many excursion trains passed through this city. Some of them came all the way from the Atlantic coast.

A FIRST WARD BARN BURNED.

Another Very Suspicious Fire Raged Early This Morning.

A barn owned by Frank B. Granger, 155 Terrace street, was burned at an early hour this morning, the origin of the blaze being unknown. The fire started in a shed in the rear of 116 Pearl street, the residence being unoccupied. From the shed the blaze leaped to the Granger barn. The horse was rescued, but the buggy, cutter, harness and other property in the barn were destroyed. A buggy and a set of carpenter's tools, owned by William Humphrey, were burned in the shed. His loss is about \$50 and he has no insurance. Harry C. Radecker, who was returning home from work, discovered the fire and pulled box 15.

STORIES OF GREAT MEN.

Thackeray's Joke About Himself—John Bright's Retort.

Of the great men he has met Mr. Justin McCarthy has some excellent stories to relate. A few of these, says the London Daily News, he recently recounted in a lecture in the Tyne theater, Newcastle.

Among his most cherished memories are those of William Makepeace Thackeray. Those who know Thackeray from his books will readily conceive that he would take infinite delight in telling a story against himself. Here is an anecdote that he used to relate: Thackeray found much pleasure in taking long walks into the country. When on one of these excursions with a brother journalist, "Jacob Omnium," who, tall as Thackeray was, was even taller than the author of "The Newcomes," the two gentlemen came across a country fair. Observing a tent where "giants" were exhibiting themselves they agreed to enter. When Thackeray was preparing to pay the usual admission fee the attendant at the door remarked: "We make no charge to the profession, sir."

An instance of very smart repartee on the part of John Bright is told by Mr. McCarthy. Mr. Bright, unfortunately, had on one occasion to leave his parliamentary and other duties on account of an affection of the brain. Recovering from the attack, Mr. Bright resumed his active interest in public affairs. But in the course of a debate a member of the house of commons, with surprising and inexcusable indecency, replying to Mr. Bright, said that that gentleman had been suffering from a disease of the brain. With comparative self restraint the famous repealer retorted: "That is a disease which Providence itself could not inflict upon the noble lord!" Mr. McCarthy remembers very well the only speech he ever heard the great duke of Wellington deliver in the house of lords. It made a decided impression upon the future Irish leader. The man of iron wore a blue frock coat and a pair of white duck trousers, the only person he knew, except his friend, Mr. Gibson Bowles, who adopted such unmentionables. A bill was under discussion and Wellington criticised it adversely. The peer in charge of the bill remarked bitterly that the noble duke did not understand the bill. Then Wellington rejoined: "I have read the bill once; I have read it twice; I have read it three times; and if, after that, I don't understand the bill I must be a fool." Among the anecdotes Mr. McCarthy relates is one concerning himself. At the close of a lecture in Glasgow he turned to the chairman and said he hoped he had not spoken too long. "Na, na," said the Scotchman; "aw thenk ye ha had a verra patient audience!"

A Delayed Ceremony.

A colored man about 30 years of age drove up to the depot with a load of baled cotton and he had just begun to unload when an old gray-headed negro with a bad limp came down the street and shouted at him:

"Say, yo' pusson dere!"
"Hello! Uncle Jo!" saluted the other.
"Now, den, what sorter man be yo'?" demanded the old man as he reached the wagon.

"Hu! What yo' mean by dat?"
"I mean, sah, is yo' a man of honah or not?"

"Of co'se I ar'. Why, ole man, you's all excited dis mawnin'. What's de mattah?"

"Sam Johnson, I've got a darter Linda!" replied Uncle Jo, as he straightened up and waved his arms about.

"Yes, of co'se. Yes, sah, you's got a darter Linda, an' she's a powerful fine gal."

"Last Sunday night, Sam Johnson, yo' axed dat gal Linda to marry yo'!"
"Hu! Hu! Sunday night? Lemme see? Say, I reckon I did!"

"Of co'se yo' did! She said she'd do it, an' de marriage was sot fur dis mawnin' at 10 o'clock."

"Hu! Shoo! Ten o'clock dis mawnin'! Why, I reckon it was, Uncle Jo. Yes, we was to be married dis mawnin'."

"But yo' ain't dar', sah!"
"Dat's a fact. Jist clean slipt my mind."

"But what yo' gwine ter do, sah—what yo' gwine ter do?" shouted the old man as he danced around.

"What I gwine ter do? Am Linda all ready an' de preacher dar'?"

"Yes, sah."

"Den yo' cum around heah an' hang on to dat off-mewl an' hold him stiddy an' I'll run ober an' marry Linda an' be back heah in ten minits. If Majah Jones cums 'long an' wants to know why dis cotton hain't dun unloaded yo' tell him dat owin' to a disreckoleck-shun of a matrimonial disrememberance I've had to procrastinate fur a few minits!"

May Revolutionize Steel Making.

Experiments have been in progress for some time in a small building of the Youngstown, Ohio, Steel company, the greatest secrecy being maintained as to what was being developed until it was learned that an official of the company, who is an expert chemist, had discovered a process by which the cost of producing steel will be reduced 50 per cent and will revolutionize the steel industry. The process will remain the secret of the company, and will prove a bonanza.

Buttons are the jewelry of China. The manufacture was originally introduced to Canton by foreigners, but it has been allowed to pass almost entirely into native hands, and last year over 550,000 pounds of brass buttons were actually exported by the Cantonese.

LIVER CLOGGING.

WHEN YOUR STOMACH CLOGS YOUR LIVER SEE TO YOUR DIGESTION.

Not one person in a thousand knows that the cause of biliousness is the clogging of the liver by the poisons of indigestion. Nor that the only proper cure for it is a tonic to aid the stomach.

But modern medicine declares the truth of it. And the Shakers have proved it by the wonderful success of their Shaker Digestive Cordial.

One of the most important uses of the liver is to arrest and destroy all poisons which try to find their way into the blood. When it's clogged, it can't do this.

Undigested food ferments and putrefies in the stomach, and the poisons of putrefaction clog and paralyze the liver, after which they find their way into the blood.

Here is the true explanation of all the distressing disorders and complications caused by indigestion.

Shaker Digestive Cordial is the only tonic cordial which aids the stomach in a natural way to digest its food. By this means, it cures indigestion, restores the liver, and frees the body from poison and disease.

Headache, dizziness, neuralgia, mental depression, weakness, bad taste, fever, flatulence, constipation, loss of appetite, anaemia, rheumatism, and many other disorders are relieved and cured by Shaker Digestive Cordial.

bachanalian feasts of Boss Tweed's Amicus club. Afterward the Indian-Haber hotel occupied the spot and enjoyed many years of popularity. The palace is built in the Italian renaissance style and stands at the very end of the promontory which juts out into the sound from Greenwich. The grounds have a mile of water front. Although the decorations are not yet complete, the place has cost \$1,500,000. The grounds extend inland from the water about half a mile and cover more than 40 acres.

Home Seekers' Excursions.

The Chicago, Milwaukee & St. Paul Railway will sell home seekers' round trip excursion tickets to points on its own lines in Iowa, the Dakotas, northern Minnesota and northern Wisconsin. Also, to points on the other railroads south, southwest, west and north, crossing several states and territories, at half fare plus \$2. Limited to twenty-one days. Date of sale, August 4, 18; September 1, 15 and 29; October 6 and 20.

About Furnaces.

But few people prepare for cool or for winter weather so far as heating the house is concerned until the chill drives them to it and then because their wants cannot be attended to at once are of course put out. Wouldn't it be a good idea to have the furnace and stoves ready for use while we can do the work in a hurry? Think the matter over. Lowell Hardware Co.

If you have ever seen a little child in the agony of summer complaint, you can realize the danger of the trouble and appreciate the value of instantaneous relief always afforded by DeWitt's Colic and Cholera Cure. D. D. Stevens.

What a great quantity of work a "good housekeeper" finds to do! There are so many little time-and-strength-taking chores that have no names. If a woman is in good health there is no more healthful employment than housework. Generally speaking, there is no happier woman in the world. But how different when every breath is pain, every step torture! This state of health, in nine cases out of ten comes from derangements of the delicate, feminine organs of generation. The family doctor inquires first concerning these. He most usually insists upon an "examination." From this the modest woman naturally shrinks. She is right. Excepting in very unusual cases of "female weakness" examinations are unnecessary. Dr. Pierce's Favorite Prescription is a simple, natural remedy for these ills. It cures safely, permanently.
